# DESERT COLLECTION

Military style and eco-sustainable materials define the Desert collection, made from recycled plastic fabric and characterized by unique and refined elements, such as large trolley wheels, some innovatively positioned shoulder straps, camouflage linings and tone-on-tone cords. The Desert line includes two backpacks, with or without a hood, two shoppers that can be converted into backpacks, and three travel bags with or without wheels.

### WEEKENDER

Weekender travel bag that can be carried like a backpack features a large internal compartment and double access opening. The refined and unusual style, due to the special shoulder-strap construction and the excellent spatial organization, make it multifaceted — just right for both long and short trips. Comes with removable shoulder strap.

● BTRDES-S-BK  
8020252169074

30 x 55 x 23 cm

### TROLLEY S

Two-wheeled carry-on trolley, made with fabric produced from recycled plastic, can also be carried like a backpack. The refined and unusual style, due to the innovative shoulder-strap construction, the two large wheels, and the excellent spatial organization, make it multifaceted — just right for both long and short trips.

● BTRDES-L-BK  
8020252169098

37 x 70 x 30 cm

### TROLLEY L

Two-wheeled check-in trolley, made with fabric produced from recycled plastic, can also be carried like a backpack when necessary. The refined and unusual style, due to the innovative shoulder-strap positioning, the two large wheels, and the excellent spatial organization, make it multifaceted — just right for both long and short trips.

# IRON COLLECTION

Inspired by the concept of a toolbox converted into a travel trolley, with or without wheels, the Iron collection features well-defined design, offered in three different colors. Characterized by two polycarbonate shells, defined by industrial-style details in relief, which contrast with the roomy construction of the internal compartment, the Iron trolley is available in both carry-on and check-in sizes.

8020252161115

25 x 13 x 4 cm

### FOLDABLE CROSSBODY

Super lightweight foldable Crossbody bag, made of fabric produced from recycled plastic. Easily converted into a flat pocket, the Let Me Out Crossbody bag features an external pocket and an adjustable strap. The all-over print on the narrow decorative webbing gives the product a sporty-elegant vibe.

# PLANET AGS COLLECTION

The anti-gravity system is inspired by the ancient Chinese “Bian Dan”, a way of carrying two containers of similar weight on a pole made of bamboo, a flexible material able to reduce the sensation of heaviness. With the elastic movement of the shoulder straps, our AGS System reduces the stiffness of the back and neck muscles, buffering the pressure of the backpack’s load through an even distribution of the weight between your hips and shoulders.

- **BKLUN15-AGS-BK**
